

FCACHAPLAINS

Do You Love Jesus? Do You believe that God can impact a community for Christ thru the influence of Coaches and Athletes? Consider serving a local high school as an **FCA Chaplain**

What do Chaplains do?

As a sports chaplain, it is your sacred duty and high privilege to love and to lead the people in your charge. It is your responsibility to pray for, to serve, to challenge and to extravagantly love them. You can do no more and the Lord Jesus expects no less. You must be willing to invest and begin a journey of faith that will be most fulfilling for you and for those whom you serve.

Serving Coaches and Teachers with faith and other duties such as serving as a community and family liaisons, coordinating volunteers, and advising the coaching staff of problems that might affect the morale and efficiency of the team.

Serving Athletes and Students by offering guidance and connecting students with their faith through mentoring, FCA Huddles (Bible Studies), team meals, study tables, events and chapel services.

Chaplain Education

Requirements: An FCA Character Coach/Chaplain must be . . .

- **Passionate** about loving God and serving Him in a local school setting.
- **Compassionate** about Coaches and Students who struggle with many of life's issues and are in desperate need of spiritual guidance.
- **Courageous** about speaking biblical truth in LOVE, sharing your faith in Christ and reaching urban students.

Chaplain Impact

The people of sport have tremendous influence. Many are called to be Christ's ambassadors to the sporting community and are given a unique opportunity to publicly display the parallel between biblical principles and athletic fundamentals. But too often, the people of sport are the most misunderstood and spiritually neglected. They are also some of the most exploited and overexposed within the Christian community.
